

# ASSET BUILDING

# PROGRAM

## ISSUE:

Immigrants and refugees need culturally relevant and linguistically accessible asset-building tools and support as a sustainable pathway from poverty to prosperity.

## How InterIm CDA can help:

- Support client- and resident- directed learning about ways to save, invest, and build a strong future for their families
- Improve client and resident capacity to build capital

## What we hope to achieve with your support:

- Families with knowledge and access to asset building resources
- Solid foundation for the success of their children
- Strong community with increasing financial, environmental, social, and cultural assets
